I. Introduction

Title VI of the Civil Rights Act of 1964 prohibits discrimination on the basis of race, color, or national origin in any program or activity receiving federal financial assistance. Several other federal legal authorities supplement Title VI by extending protections based on age, sex, disability, limited English proficiency, and low-income status. In addition, the Civil Rights Restoration Act of 1987 clarified Title VI enforcement by mandating that Title VI requirements apply to *all* programs and activities of federal-aid recipients regardless of whether any particular program or activity involves federal funds. Taken together, these laws require recipients and subrecipients of federal funds to ensure all programs and services are delivered to the public without discrimination.

Hubbard County Highway Department, as a recipient of federal financial assistance, will ensure full compliance with Title VI of the Civil Rights Act of 1964; 49 C.F.R. Part 21 (Department of Transportation Regulations for the Implementation of Title VI of the Civil Rights Act of 1964); 49 C.F.R. Part 21; and related statutes and regulations. Hubbard County Highway Department acknowledges it is subject to and will comply with Federal Highway Administration Title VI Assurances.

This plan explains how Hubbard County Highway Department incorporates the requirements of Title VI and related legal authorities into its operations. The plan will be used as a reference for the Hubbard County Highway Department and an informational resource for the public. The plan will be updated periodically to reflect changes in Title VI compliance operations.

III. Title VI and Non-Discrimination Policy Statement

It is the policy of Hubbard County Highway Department that no person shall on the grounds of race, color, national origin, sex, disability, or age, be excluded from participation in, be denied the benefits of, or be subjected to discrimination in any operation of Hubbard County Highway Department as provided by Title VI of the Civil Rights Act of 1964 and related statutes.

In addition, Executive Order No. 12898, 59 Fed. Reg. 7629 (Feb. 11, 1994) requires Hubbard County Highway Department to ensure fair treatment and meaningful involvement of low-income populations in all programs and activities, and Executive Order No. 13166, 65 Fed. Reg. 50121 (Aug. 11, 2000) requires agency programs to incorporate access for people with limited English proficiency.

This policy applies to all operations of Hubbard County Highway Department, including its contractors and anyone who acts on behalf of Hubbard County Highway Department. This policy also applies to the operations of any department or agency to which Hubbard County Highway Department extends federal financial assistance. Federal financial assistance includes grants, training, use of equipment, donations of surplus property, and other assistance.

Prohibited discrimination may be intentional or unintentional. Seemingly neutral acts that have disparate impacts on individuals of a protected group and lack a substantial legitimate justification are a form of prohibited discrimination. Harassment and retaliation are also prohibited forms of discrimination.

Examples of prohibited types of discrimination based on race, color, national origin, sex, disability, or age include: Denial to an individual any service, financial aid, or other benefit; Distinctions in the quality, quantity, or manner in which a benefit is provided; Segregation or separate treatment; Restriction in the enjoyment of any advantages, privileges, or other benefits provided; and Discrimination in any activities related to highways and infrastructure or facilities built or repaired.

Title VI compliance is a condition of receipt of federal funds. The Title VI Coordinator is authorized to ensure compliance with this policy, Title VI of the Civil Rights Act of 1964, 42 U.S.C. § 2000d *et seq.* and related statutes, and the requirements of 23 C.F.R. Part 200 and 49 C.F.R. Part 21.

IV. Title VI Assurances

The U.S. DOT requires that federal financial assistance be provided on the condition that the recipient provides an assurance that its programs and activities will be conducted in compliance with Title VI of the Civil Rights Act of 1964. The requirement is located at 49 CFR 21.7(a). To support the implementation of this requirement, the U.S. DOT provided an assurances agreement in U.S. DOT Order 1050.2A that federal fund recipients and subrecipients must sign as a condition of receiving federal financial assistance.

The assurances agreement provides specific non-discrimination language the Hubbard County Highway Department is required to include in bid solicitations or requests for proposal, contracts, and real estate agreements. The Hubbard County Highway Department is committed to ensuring the necessary language is used as prescribed in the assurances agreement.

In accordance with this requirement, the Hubbard County Highway Department has signed the U.S. DOT Standard Title VI/Non-Discrimination Assurances. The document is attached as **Appendix A**.

MnDOT OCR will forward the complaint to the FHWA Minnesota Division Office, along with a preliminary processing recommendation. The FHWA Minnesota Division Office will forward the complaint to FHWA Headquarters Office of Civil Rights (HCR).

FHWA HCR is responsible for all determinations regarding whether to accept, dismiss, or transfer Title VI complaints. There are four potential outcomes for processing complaints:

- **Accept:** if a complaint is timely filed, contains sufficient information to support a claim under Title VI, and concerns matters under the FHWA's jurisdiction, then HCR will send to the complainant, the respondent agency, and the FHWA Minnesota Division Office a written notice that it has accepted the complaint for investigation.
- **Preliminary review:** if it is unclear whether the complaint allegations are sufficient to support a claim under Title VI, then HCR may (1) dismiss it or (2) engage in a preliminary review to acquire additional information from the complainant and/or respondent before deciding whether to accept, dismiss, or refer the complaint.
- **Procedural Dismissal:** if a complaint is not timely filed, is not in writing and signed, or features other procedural/practical defects, then HCR will send the complainant, respondent, and FHWA Minnesota Division Office a written notice that it is dismissing the complaint.
- **Referral\Dismissal:** if the complaint is procedurally sufficient but FHWA (1) lacks jurisdiction over the subject matter or (2) lacks jurisdiction over the respondent entity, then HCR will either dismiss the complaint or refer it to another agency that does have jurisdiction. If HCR dismisses the complaint, it will send the complainant, respondent, and FHWA Division Office a copy of the written dismissal notice. For referrals, FHWA will send a written referral notice with a copy of the complaint to the proper Federal agency and a copy to the USDOT Departmental Office of Civil Rights.

Complaints are not investigated by Hubbard County Highway Department. FHWA HCR is responsible for investigating all complaints. FHWA HCR may also delegate the investigation to MnDOT OCR, who would then conduct all data requests, interviews, and analysis and create a Report of Investigation (ROI). MnDOT OCR will have sixty (60) business days from the date the investigation is delegated to prepare the ROI and send it to HCR. HCR will review the ROI and compose a Letter of Finding based on the ROI.

X. Environmental Justice

Executive Order 12898, Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations, requires federal agencies to make achieving environmental justice a part of its mission by identifying and addressing disproportionately high and adverse human health and environmental effects of their programs, policies, and activities on minority and low-income populations. The requirements are to be carried out to the greatest extent practicable and permitted by law.

In May 2012, USDOT issued an update to DOT Order 5610.2(a), DOT Actions to Address Environmental Justice in Minority Populations and Low-Income Populations, which was originally published in April 1997. The revised Order continues to be a key component of DOT's environmental justice strategy. It updates and clarifies certain aspects of the original Order while maintaining its general framework and procedures and DOT's commitment to promote the principles of environmental justice in all DOT programs, policies, and activities.

Similarly, Hubbard County Highway Department will institutionalize the same key components of DOT's environmental justice strategy and commitment to promote the principles of environmental justice in all Hubbard County Highway Department's programs, policies, and activities. These policies outline actions and factors to address environmental justice in order to identify and avoid discrimination and disproportionality high and adverse effects on minority and low-income populations:

1. Identify and evaluate environmental, public health, and interrelated social and economic effects of Hubbard County Highway Department programs, policies, and activities;
2. Propose measures to avoid, minimize, and/or mitigate disproportionately high and adverse environmental and public health effects and interrelated social and economic effects, and provide offsetting benefits and opportunities to enhance communities, neighborhoods, and individuals affected by Hubbard County Highway Department programs, policies, and activities, where permitted by law and consistent with Executive Order 12898;
3. Consider alternatives to proposed programs, policies, and activities where such alternatives would result in avoiding and/or minimizing disproportionately high and adverse human health or environmental impacts, consistent with Executive Order 12898; and
4. Elicit public involvement opportunities and consider the results thereof, including soliciting input from affected minority populations and low-income populations in considering alternatives.

Hubbard County Highway Department supports environmental justice through every stage of the planning, construction and maintenance processes, consistent with the factors outlined above. This ensures Hubbard County Highway Department gains input from the community

that will help shape how Hubbard County Highway Department builds and maintains roads and bridges.

Some ways in which the Hubbard County Highway Department accomplishes this include:

- Ensuring the full and fair participation by all potentially affected communities in the transportation decision-making process;
- Avoiding, minimizing or mitigating disproportionately high and adverse human health and environmental effects, including social and economic effects, on minority populations and low-income populations;
- Providing timely information to area residents and businesses affected by transportation plans and projects;
- Performing periodic reviews of public involvement process to gauge effectiveness, making revisions as necessary; and
- Preventing the denial of, reduction in, or significant delay in the receipt of benefits by minority and low-income populations.

XI. Public Participation

Hubbard County Highway Department will use the U.S. Census data to identify populations potentially affected by projects conducted by the department. Surveys collecting the race, color, national origin, low-income status, disability, age, and sex of participants of Hubbard County Highway Department's programs and activities will be collected when appropriate. All public meetings and civic engagement opportunities are open to the public to participate in. Hubbard County Highway Department uses the [Hubbard County website](#) to provide up-to-date information on road and bridge projects to the public. Resident notification letters are also sent to those potentially affected by road and bridge projects taking place in their neighborhood, prior to the start of construction. Hubbard County Board meetings take place throughout the year and are open to the public. The Hubbard County Board meeting schedule and location can be found at <http://www.co.hubbard.mn.us/>. These Board meetings are also streamed live on the [Hubbard County website](#). Additionally, Hubbard County Highway Department has a number of dedicated web pages for each program area within the department that can be found here: <http://www.co.hubbard.mn.us/>.

Hubbard County Highway Department conducts planning and information meetings to provide for public participation on projects and activities when appropriate. These meetings will include any Title VI accommodations required. Hubbard County Highway Department adheres to Equal Employment Opportunity/Affirmative Action and Civil Rights assurance policies, principles, and imperatives within program planning, development, and implementation. These policies are essential components to bid documents and proposals.

XII. Limited English Proficiency (LEP) & Language Access

Legal Background

[Executive Order 13166](#), “Improving Access to Services for Persons with Limited English Proficiency,” reprinted at 65 FR 50121, August 16, 2000, directs each Federal agency to examine the services it provides and to develop and implement a system by which LEP individuals can meaningfully access those services. Federal agencies were instructed to publish guidance to assist states and local governments who receive federal funds with their obligations to LEP individuals under Title VI. The Executive Order states that federal fund recipients, like Hubbard County Highway Department, must take reasonable steps to ensure meaningful access to their programs and activities for LEP individuals.

Section 601 of Title VI of the Civil Rights Act of 1964, 42 U.S.C. 2000d, provides that no person shall “on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance.” Courts have interpreted Title VI’s prohibition of discrimination on the basis of national origin to include discrimination based on English proficiency. Under Title VI, recipients of federal financial assistance are required to provide LEP individuals with meaningful access to their programs and services.

The U.S. Department of Transportation (DOT) published [revised guidance](#) for its recipients on December 14, 2005. This document states that Title VI and its implementing regulations require that U.S. DOT recipients take reasonable steps to ensure meaningful access to the benefits, services, information, and other important portions of their programs and activities for LEP individuals. Recipients use the DOT LEP Guidance to determine how best to comply with statutory and regulatory LEP obligations.

Identifying Limited English Proficient Populations (Four-Factor Analysis)

Title VI and its regulations require Hubbard County Highway Department to take reasonable steps to ensure meaningful access to its information and services. What constitutes reasonable steps to ensure meaningful access is flexible, fact-dependent, and contingent on a four-factor analysis established by the U.S. Department of Justice. The four-factor analysis is an individualized assessment that should be applied to determine what reasonable steps must be taken to ensure meaningful access for LEP individuals. **The analysis below is updated at least once every five years.**

FACTOR #1: THE NUMBER OR PROPORTION OF LEP INDIVIDUALS ELIGIBLE TO BE SERVED OR LIKELY TO BE ENCOUNTERED

The greater the number or proportion of LEP individuals from a particular language group served or encountered in the eligible service population, the more likely language assistance services are necessary. Ordinarily, “individuals eligible to be served or likely to be encountered” by a program or activity are those who are in fact, served or encountered in the eligible service

population. This population will be program-specific and includes people who are in the program's geographic area.

Generally, Hubbard County Highway Department will use reliable external data sources to determine the number or proportion of LEP individuals likely to be served or encountered.

Hubbard County Highway Department relies on [MnDOT's LEP Data Tool](#) to provide the necessary data. **In the most recent analysis conducted in September 2022, the findings on the next two pages were documented.**

Safe Harbor Provision

U.S. DOT LEP Guidance provides a “safe harbor” to help ensure greater clarity regarding whether Hubbard County Highway Department is meeting its obligation to provide written translations. These safe harbor provisions only apply to the translation of written documents and do not affect the requirement to provide meaningful access to LEP individuals through competent oral interpreters where oral language assistance services are needed and reasonable.

The following actions are considered strong evidence of compliance with the Department’s written-translation obligations:

(a) Providing written translations of vital documents for **each eligible LEP language group that constitutes 5% or 1,000 people** of the population of individuals eligible to be served or likely to be affected or encountered. Translation of non-vital documents, if needed, can be provided orally; or

(b) If there are fewer than 50 individuals in a language group that reaches the 5% trigger in (a), the vital written materials are not translated, but written notice of the right to receive free, competent oral interpretation of those vital written materials in the primary language of the LEP language group of is provided.

The above findings from the graphs on the preceding pages did not indicate any LEP language groups meet the safe harbor threshold. Therefore, Hubbard County Highway Department will not proactively translate written documents at this time. However, efforts will be made to reasonably accommodate any language access requests that arise.

FACTOR #2: THE FREQUENCY WITH WHICH LEP INDIVIDUALS COME IN CONTACT WITH THE PROGRAM, ACTIVITY, OR SERVICE

Hubbard County Highway Department is committed to assessing, as accurately as possible, the frequency with which they have or should have contact with LEP individuals from different language groups seeking assistance. If LEP individuals access a program or service on a regular, consistent basis, then that program or service provider has greater language access duties than a program or service whose contact with LEP individuals is unpredictable or infrequent.

However, even if there are infrequent or unpredictable interactions with LEP individuals, Hubbard County Highway Department must be prepared to provide language assistance services to LEP individuals.

In applying this factor, Hubbard County Highway Department will also consider whether outreach to LEP individuals could increase the frequency of contact with LEP language groups

and remain mindful of the data analysis conducted under Factor #1 to identify the proportion of LEP population present in the service area.

LEP persons may interact in several ways with Hubbard County Highway Department, including but not limited to:

- Public meetings
- Community events
- Project-specific meetings, events, and discussions
- Online engagement
- Walk-in requests for information
- Phone communications
- Customer service interactions
- Surveys for information
- Requests for permits
- Right-of-way acquisitions and activities

In its most recent review conducted in September 2022, Hubbard County Highway Department noted it has not had interactions with LEP language groups in the past 3 years.

Hubbard County Highway Department will assess, as accurately as possible over the next 5-year period, the frequency with which LEP persons from different language groups come into contact with Hubbard County Highway Department programs and activities.

FACTOR #3: THE NATURE AND IMPORTANCE OF THE PROGRAM, ACTIVITY, OR SERVICE TO PEOPLE'S LIVES

As provided in USDOT's LEP policy guidance, the more important the activity, information, service, or program, or the greater the possible consequences of the contact to the LEP individuals, the greater the need for language assistance services. Hubbard County Highway Department is committed to assessing the services provided by each program area to determine the implications for an LEP person or community in order to ensure meaningful access. Generally, programs providing information and services related to accessing benefits, opportunities, or rights are considered high importance.

Vital Documents

As part of its analysis, a district, office, or program may determine that necessary language assistance measures include the translation of vital documents into the language of each LEP group that is frequently encountered, eligible to be served, or likely to be affected. Vital documents are paper or electronic written material containing information that is (1) critical for accessing programs, services, benefits, or activities, (2) directly and substantially related to

public safety, or (3) required by law. Whether a document (or the information it solicits) is “vital” may depend upon the importance of the program, information, encounter, or service involved, and the consequence to the LEP person if the information in question is neither accurate nor timely.

Examples of vital documents in the U.S. DOT LEP Guidance include:

- Emergency transportation information
- Notices of public hearings regarding proposed transportation plans or projects
- Notices advising LEP individuals of free language assistance
- Applications or instructions on how to participate in a program or activity or receive benefits or services
- Consent forms

Sometimes a large document may include both vital and non-vital information. For these documents, vital information may include providing notice in the necessary non-English languages explaining where an LEP individual can obtain an interpretation or translation of the document.

Because no languages were identified as meeting the safe harbor threshold for translating vital written materials, Hubbard County Highway Department is not at this time providing a list of documents considered vital. Should future analysis indicate an LEP group meeting the safe harbor threshold, Hubbard County Highway Department will evaluate its vital documents and provide translations in accordance with the analysis and federal guidance.

FACTOR #4: THE RESOURCES AVAILABLE TO HUBBARD COUNTY HIGHWAY DEPARTMENT AND THE COST OF LANGUAGE ASSISTANCE

The resources available to Hubbard County Highway Department and the costs of providing language assistance services may impact the steps taken to provide meaningful access to LEP individuals. Additionally, reasonable steps may cease to be reasonable where the costs imposed substantially exceed the benefits. Hubbard County Highway Department will determine on a case-by-case basis whether language assistance costs outweigh the benefits.

The four-factor analysis necessarily implicates a spectrum of language assistance measures. For instance, written translations can range from translation of an entire document to translation of a short description of the document, and interpretation services may range from using telephone-based interpretation services to providing in-person interpretation at a public event. Language assistance measures should be based on what is necessary and reasonable after considering the four-factor analysis. Hubbard County Highway Department will proactively identify how to provide language assistance services efficiently and cost-effectively while ensuring meaningful access to LEP individuals.

Hubbard County Highway Department Language Access Services

There are two types of language services:

- *Translation* is the replacement of a word, phrase, or text in one language (source language) with an equivalent-meaning word, phrase, or text in another language (target language). This is written language assistance.
- *Interpretation* is the act of listening to a communication in one language (source language) and orally converting it to another language (target language) while retaining the same meaning. This is oral language assistance.

Currently, Hubbard County Highway Department has the following language services available:

- Language Line: Provides telephone-based, on-demand access to language interpreters 24 hours a day, 7 days a week, year-round. The service assists staff in communicating effectively with LEP individuals.

The Civil Rights Restoration Act of 1987 clarified the original intent of Congress, with respect to Title VI and other Non-discrimination requirements (The Age Discrimination Act of 1975, and Section 504 of the Rehabilitation Act of 1973), by restoring the broad, institutional-wide scope and coverage of these nondiscrimination statutes and requirements to include all programs and activities of the Recipient, so long as any portion of the program is Federally assisted.

Modal Operating Administration may include additional General Assurances in this section, or reference an addendum here.

Specific Assurances

More specifically, and without limiting the above general Assurance, the Recipient agrees with and gives the following Assurances with respect to its Federally assisted **FHWA Program**:

The Recipient agrees that each "activity," "facility," or "program," as defined in §§ 21.23 (b) and 21.23 (e) of 49 C.F.R. § 21 will be (with regard to an "activity") facilitated, or will be (with regard to a "facility") operated, or will be (with regard to a "program") conducted in compliance with all requirements imposed by, or pursuant to the Acts and the Regulations.

3. The Recipient will insert the clauses of Appendix A and E of this Assurance in every contract or agreement subject to the Acts and the Regulations.

4. The Recipient will insert the clauses of Appendix B of this Assurance, as a covenant running with the land, in any deed from the United States effecting or recording a transfer of real property, structures, use, or improvements thereon or interest therein to a Recipient.

6. That where the Recipient receives Federal financial assistance in the form, or for the acquisition of real property or an interest in real property, the Assurance will extend to rights to space on, over, or under such property.

7. That the Recipient will include the clauses set forth in Appendix C and Appendix D of this Assurance, as a covenant running with the land, in any future deeds, leases, licenses, permits, or similar instruments entered into by the Recipient with other parties:
 - a. for the subsequent transfer of real property acquired or improved under the applicable activity, project, or program; and
 - b. for the construction or use of, or access to, space on, over, or under real property acquired or improved under the applicable activity, project, or program.

- a. the period during which the property is used for a purpose for which the Federal financial assistance is extended, or for another purpose involving the provision of similar services or benefits; or
- b. the period during which the Recipient retains ownership or possession of the property.

9. The Recipient will provide for such methods of administration for the program as are found by the Secretary of Transportation or the official to whom he/she delegates specific authority to give reasonable guarantee that it, other recipients, sub-recipients, sub-grantees, contractors, subcontractors, consultants, transferees, successors in interest, and other participants of Federal financial assistance under such program will comply with all requirements imposed or pursuant to the Acts, the Regulations, and this Assurance.

10. The Recipient agrees that the United States has a right to seek judicial enforcement with regard to any matter arising under the Acts, the Regulations, and this Assurance.
