

Adult Services

Adult Protection

The Adult Protection program investigates allegations of elderly neglect and abuse. Vulnerable adult investigations are completed in conjunction with law enforcement agencies, and ongoing adult protection services are provided if needed.

Waiver Programs

The waiver program provides assessments for home care services for senior citizens and disabled adults. Programs available are Elderly Waiver (EW), Alternative Care (AC), Community Alternatives for Disabled Individuals (CADI), and Traumatic Brain Injury (TBI) Waivers. If the assessment indicates that the person is eligible for these programs, case management to coordinate services will be provided. These programs are intended to promote community living and independence by providing the appropriate health care, home care, and support services based on individual needs.

Nursing Home Pre-admission Screening

Pre-admission screening is a service provided to assist persons considering nursing home placement, aid in discharge planning, and recommend alternative services as appropriate.

Developmental Disabilities

The Developmental Disabilities program provides assessment and services to disabled persons in Hubbard County. The intent of the program is to strengthen the disabled person's self-reliance and provide community support services while protecting clients from abuse, neglect, or exploitation. Services available include case management, Semi-Independent Living Services (SILS), respite care, supported employment, guardianship, and referrals for other necessary services.

Adult Mental Health

The Adult Mental Health program assists clients with mental illness by providing services including case management, referrals to community mental health and outreach programs, day treatment programs, and coordination with residential treatment facilities. The Adult Mental Health program also provides pre-screenings for judicial commitment when a petitioner comes forward who is willing to testify about a family member or loved one who is in imminent danger of harm to self or others due to mental health and/or chemical dependency issues.

Chemical Dependency

Hubbard County Social Services provides Rule 25 assessment services to residents of Hubbard County who have been court ordered to complete the assessment.

Assessments and case management services are also provided to clients seeking treatment for chemical dependency who also meet certain income guidelines, or who receive Medical Assistance (MA or GAMC).
