

# Welcome to the Hubbard County Phase II Courthouse Remodel Project

Below please find architectural renderings of the completed project by floor:

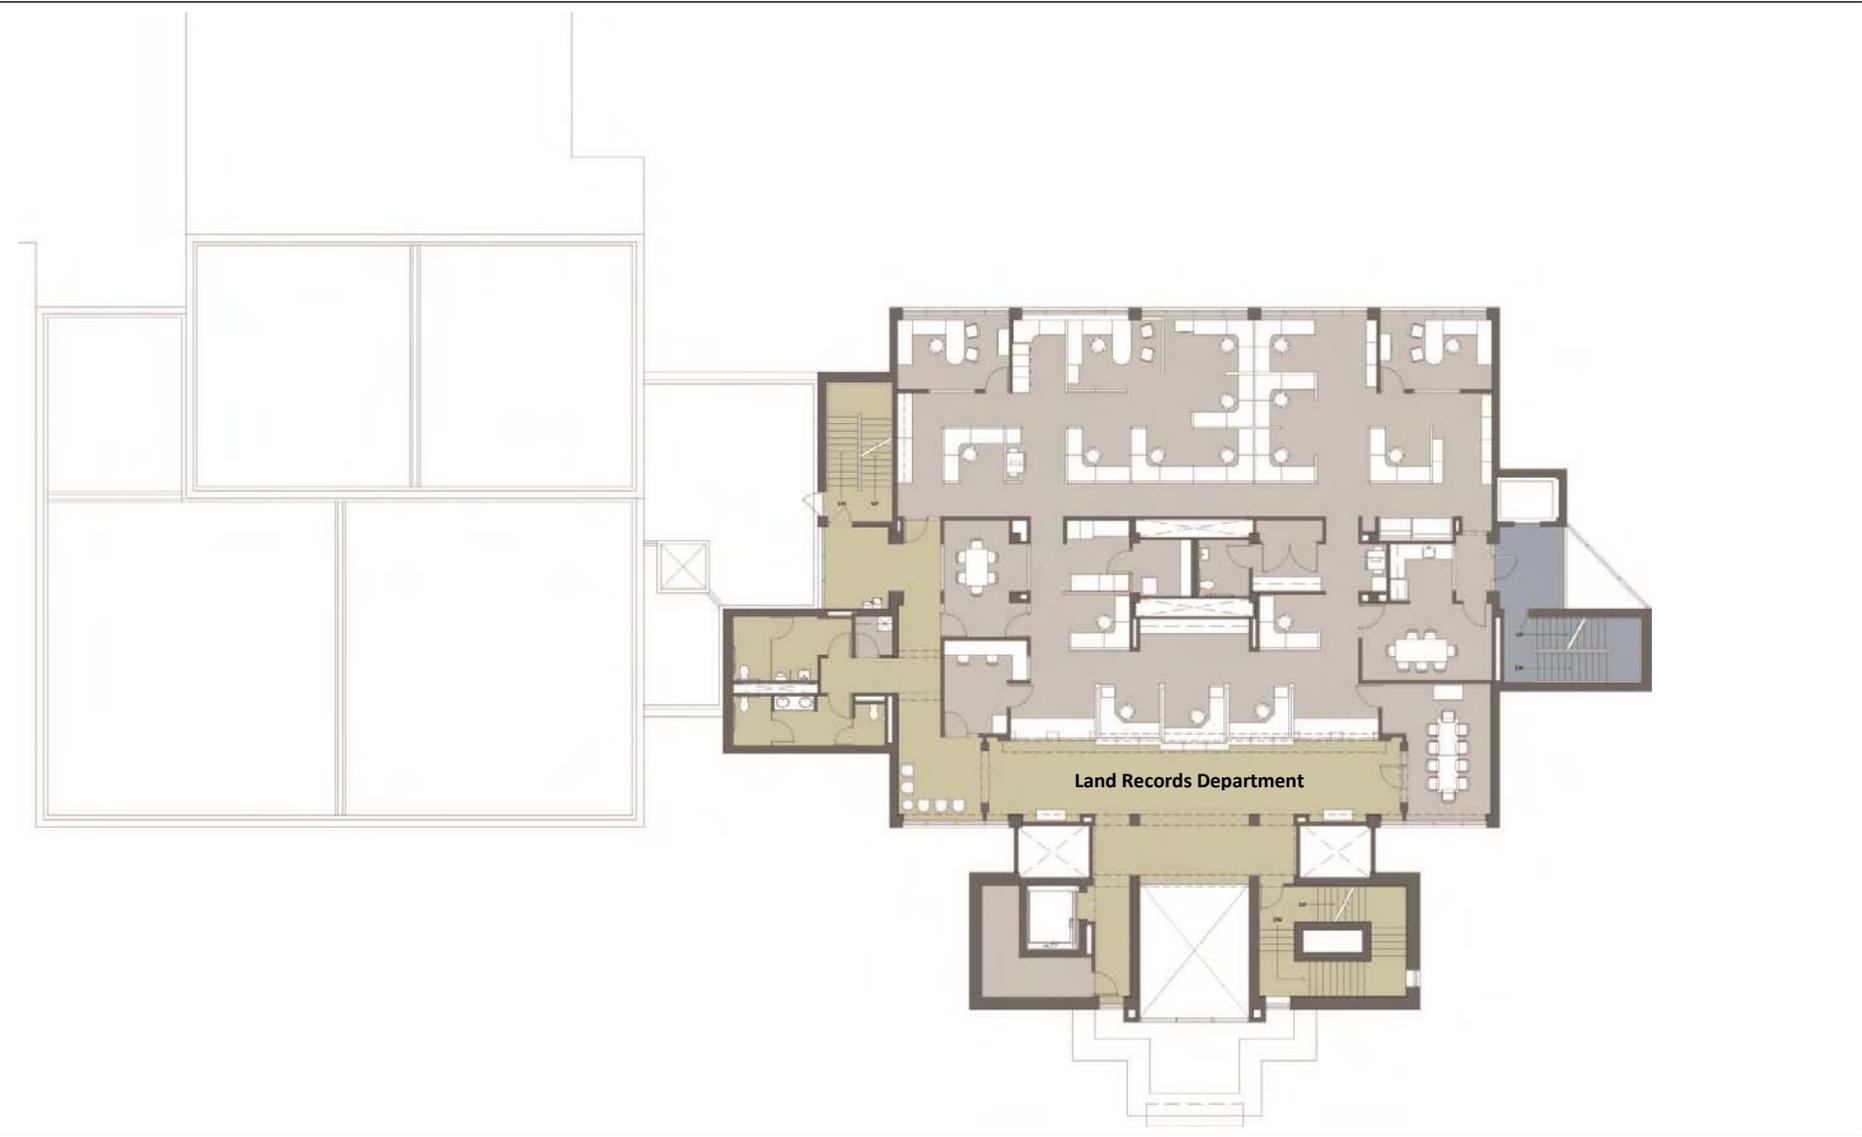

### FIRST FLOOR

The first floor will host a Welcome Center that will encompass the License Bureau, driver's license testing, department mail services, customer service, and general information services; the County Attorney's Office; and the Public Law Library. In addition, attorney/client meeting rooms will be available for court services. Future capabilities for additional building security will be provided.

**SECOND FLOOR**

Will host all the public transaction needs including: document recording services; building & septic permits; assessing and valuation services; collection of tax payments, etc. to name a few.

### THIRD FLOOR

Will host the Finance & Coordinator Departments; the County Board Room and additional office space currently occupied by the Regional Economic Development staff.
