

## 2018 Land Survey Department Progress Report

### **Total Monumentation:**

- 3664 Total Corners
- 2990 Certified (or set as of 11/27/2018)
- 58 New Corners set this year
- 41 Reset-(Road const., disturbed, etc.)

### **GPS Coordinates:**

- 2924 Corners with final locations
- 57 New coordinates from Maintenance this year
- 66 Certified corners that do not have coordinates

### **Jobs in 2017:**

- Surveyed and wrote legal descriptions for new city annexation boundary
- 18 Surveys requiring survey work, and subdivision of one or more sections to establish Hubbard County property corners and boundary lines
- Examined 8 survey related issues for Env. Services, Recorders, & Attorney's offices
- 7 easements and legal descriptions written or reviewed
- 2 surveys for Solid Waste
- Started on Spider Lake/Coon Lake road easements (will require a minimum of 41 corners to be set or established)

### **2019:**

- Plan to complete monumentation in two townships, one on each side of the county.
  - Henrietta (140-34)
  - Fern (145-35)
  - Guthrie (144-33-5 corners remaining to set)

### **Updating Corner Certificates/Website:**

- Drafting and filing new certificates on previously certified corners with new maintenance information and county coordinates.
- Add new survey info and corner certificates to County website
- done as time permits
